Making medication decisions

Use the UnitedHealthcare prescription drug list (PDL)

The PDL is a list of your plan’s covered medications. The medications are organized into cost tiers. Choosing medications in lower tiers may save you money.

\$	Drug tier	Includes	Helpful tips
\$	Tier 1 Your lowest cost	Medications that provide the highest overall value. Mostly generic drugs. Some brand name drugs may also be included.	Use Tier 1 drugs for the lowest out-of-pocket costs.
\$\$	Tier 2 Your mid-range cost	Medications that provide good overall value. A mix of brand name and generic drugs.	Use Tier 2 drugs instead of Tier 3 or 3/4 to help reduce your out-of-pocket costs. ³
\$\$\$	Tier 3 and 3/4 Your highest cost	Medications that provide the lowest overall value. Mostly brand name drugs, as well as some generics.	Many Tier 3 and 3/4 drugs have lower-cost options in Tier 1 or 2. Ask your provider if they could work for you. ³

Please note: If you have a high deductible plan, the tier cost levels may apply once you reach your deductible. Your cost-share will not exceed the lesser of the cost-sharing amount or the retail price of the medication without the drug coverage. Refer to your enrollment and plan materials on myuhc.com, or call the toll-free number on your member ID card for more information about your benefit plan.

Save money

Generic medications contain the same active ingredients (what makes the medication work) as brand-name medications, but many cost less.

Compare prices

Search for lower-cost alternatives. Just log in to myuhc.com. Or use the UnitedHealthcare app.

Tips

Know your plan

Certain medications may not be covered or be subject to the following:

Prior authorization: approval to get a medication.

Step therapy (First Start for NJ plans only): trying one medication before another.

Quantity limits: only a certain amount of the medication is allowed for coverage. Many quantity limits are set by FDA guidelines.

Log on to **myuhc.com** to see if you could save. Or use the UnitedHealthcare app.

Talk to your healthcare provider

When you talk with your doctor, use the UnitedHealthcare app to confirm coverage and costs. You can also talk about what you need to do to get your medication.

Optum Specialty Pharmacy

Specialty medications treat complex or rare conditions and may require special storage and handling. You may have to get these medications from a specialty pharmacy. Or you could choose Optum® Specialty Pharmacy. We offer resources, programs and clinical support you need to manage your specialty medications with confidence.
