

UnitedHealthcare®

Texas Facility Based Physician Contract Status

Important Information

Please note: Inclusion of a group name on the provider list is not a guarantee that all Facility Based Physicians participate in the UnitedHealthcare network.

Even if a hospital, ambulatory surgery center or other facility contracts with UnitedHealthcare and belongs to the UnitedHealthcare network, the facility may employ or contract with physicians and other health care professionals who *do not* participate in the network.

When you receive medical care from non-network facility based physicians- anesthesiologists, emergency room physicians, radiologists, pathologists and neonatologists- the amount you pay (your out-of-pocket expenses)- may be higher. You may be responsible for payment for all or part of the fees for those professional services that are not paid or covered by your health benefit plan.

To assist you in minimizing your out-of-pocket expenses and maximizing your benefits, the following list of providers indicates whether the facilities that you are considering have network or non-network facility based physicians and non-physician providers on their staff in the particular specialties (i.e., anesthesiology, pathology, radiology, neonatology and ER).

Some things that you should keep in mind:

- The information provided in this provider list is subject to change and is for informational purposes only.
- Some facilities have more than one group of facility based physicians and non-physician providers providing these services and, therefore, not all physicians within a particular specialty may participate in UnitedHealthcare's network.
- This provider list is not a guarantee that the physician providing services to you is in-network with UnitedHealthcare. You should always confirm the participation status of the particular physician or non-physician provider before receiving services. To verify a provider's participation status go to www.myuhc.com or call the phone number listed on the back of your card.
- This provider list does not indicate whether services provided to you are covered services. Please refer to your benefit plan documents to determine whether the services are covered under your benefit plan. Your benefit plan may not include coverage of non-contracted health care professionals at the in-network level.

Physicians and other health care professionals who practice exclusively within a facility like a hospital or surgical center, and see you only as a result of your seeking care at the facility, are credentialed by the facility in which they practice. Only those individual physicians listed in our provider directory are separately credentialed by UnitedHealthcare.

TEXAS FACILITY-BASED PHYSICIAN CONTRACT STATUS

Based on claims for dates of service from 10/1/2025 – 09/30/2026

N/A = Not applicable for this facility

Y = Contracted provider(s) at this facility

N = No contracted providers at this facility
