Welcome!

Thank you for choosing UnitedHealthcare. We want to help you get the most from your health care benefits. Here are a few ideas and reminders to get you started.

It is important to have an in-network primary care provider you will visit for your routine care. Having a long term relationship with a provider is the best way to make sure you get the health care that is right for you. It is important to have a primary care provider (PCP) assigned to each person included in your coverage. Your PCP is who you will see regularly for ongoing care. You will need a referral from your PCP for additional care. Please see the *Seeking Care From a Network Specialist* section for more information.

You will need a referral from your PCP for additional care. Please see the *Seeking Care From a Network Specialist* section for more information.

Your choice of a provider is your own. We will help you make your choice by providing details on providers' credentials, type of services they offer, and their performance on quality measures and surveys. This information is not an endorsement of a particular provider's suitability for your needs.

You will normally have lower out-of-pocket costs by visiting a provider in the network. These providers have agreed to provide financial discounts and participate in programs to help you have a good member experience. !

Important Notice:

Some network providers may have been added or removed from our network after this directory was printed. Soon after a provider changes their status, out of network penalties or increased cost sharing will result. In some cases, extension of in network or greater network benefits may be available. Any physician included in this directory is listed for outpatient office visits. However, some specialty providers may require a referral is obtained prior to scheduling your outpatient office visit. In addition, the directory includes information regarding whether the provider is currently accepting new patients. We do not guarantee that each provider is still accepting new patients. We cannot guarantee continued access to a particular provider through the term of your enrollment in the plan. If the provider that you are seeing ceases participating with your plan, we will provide access to other providers with equivalent training and experience. You can find the most up-to-date information about network providers by using our online directory at **myuhc.com**.

The providers in this directory may not necessarily reflect the full extent of the network of contracted providers. There may be providers or certain specialties that are not included in this directory that are part of our network. If you don't find the provider you are searching for, you may contact the provider directly to verify participation status with the network, or call the toll-free number shown on your health plan ID card. We also recommend that, prior to seeing any provider, including any specialists and behavioral health providers, that you call the provider's office to verify their participation status and availability, since a provider's availability to see new patients may change frequently. The information included in the directory is accurate, to the best of our knowledge, as of the date of updating.

The information contained in this document is accurate as of **September 2026**. The next edition will be published in **December 2026**. You may also visit **myuhc.com** or contact the carrier directly for current information at any time.

Resources at your fingertips.

Your Network Directory

This directory will help you find providers that are in the network. The directory also contains information about providers who are multilingual and the Hospital Affiliation for each network provider. Our provider network changes frequently. When a provider no longer participates in the network, or has changed participation status, additional liability is likely to result. Soon after the provider changes their status, out of network penalties or increased cost sharing will result. In some cases, extension of in network or greater network benefits may be available. For the most recent information regarding network providers please visit **myuhc.com** or call the toll-free phone number on your health plan ID card.

Go to myuhc.com for the Most Current List of Providers

Go to **myuhc.com** to find the most current network provider list. It also has maps, directions, and quality information to help you choose the health care provider that is right for you. If you find information in either this print version or the online Network Directory to be inaccurate, please let us know by giving the feedback at the email address below, or by calling the toll-free number on your health plan ID card.

To report incorrect information, email provider_directory_invalid_issues@uhc.com.

This email box is for individuals to report potential inaccuracies for demographic (address, phone, etc.) data elements identified on the online or paper directories. Reporting issues via this mailbox will result in an outreach to the provider's office to verify all directory demographic data.

Individuals can also report, or submit a complaint, related to potential inaccuracies via phone. UHC Members should call the number on the back of their health plan ID card. Non UHC members can call 888-638-6613.

Providers should use the UHC Provider Portal at www.UHCProvider.com or use the upgraded My Practice Profile.

Contractual issues should be addressed through your UHC Network contact.

Site of Service Clinical Review by a Network Participating Provider

A site of service review can change where services can be obtained. It can also change if a Network provider is available to provide a service.

Seeking Care From a Network Specialist

You can see a specialist in our network without a referral. **Specialists listed in this directory may offer health services that are not covered by your benefit plan.** Please check your Certificate of Coverage or Summary Plan Description for details on your benefits. Your benefit coverage may vary — including the amount the plan or employer covers — as well as the amount you are responsible to pay.

The Go-To Phone App For Your Health

You can now find network physicians and helpful information on your smart phone. The free UnitedHealthcare app gives you:

- 24/7 access to a registered nurse and your benefits information.
- Help finding a nearby physician, hospital or other facility in your network.
- An "Easy Connect" feature that lets you ask for a call back from a customer care expert.

Download the free app from your app store today.

Use Network Providers to Save Money

All network providers and facilities can help save you money. Network providers have agreed to charge lower rates. If you seek care outside the network, you may be responsible for a larger part of the charges and may not receive the lower network rates from health care providers who have agreed to participate in the network.

PLEASE NOTE: Certain providers may charge additional fees for non-covered health services and will be unavailable to members who are not able or willing to pay for the additional services.

The Choice of a Provider is Your Own

The choice of a provider is your own. This directory is not an endorsement of a particular provider's ability to meet your specific health care needs. The choice of a given provider as a PCP may result in access to a limited subnetwork of providers, based on the PCP's employment or other affiliation arrangements.

For Federal employees, it is important to know when you enroll in this Plan, benefits are available as described in the Plan's Federal brochure, but the continued participation of any one doctor, hospital or other provider cannot be guaranteed.

Where to Find Your Benefit Coverage Information

This directory only has information on network providers. You can find your benefit coverage details in your Certificate of Coverage, Summary Plan Description or you can go to **myuhc.com** to find information about your health care coverage.

Common Types of Providers:

- **Family Practitioners and General Practitioners** provide a broad range of care for all family members.
- **Internists, or Internal Medicine Physicians** diagnose and treat disease in adults.
- **Pediatricians** care for children from birth to age 18.
- **Obstetricians/Gynecologists (OB/GYN)** are physicians who care for women.

How to Get Care From Network Provider

Network providers help you and your covered family members get the care needed. Access to specialists may be coordinated by your PCP.

Enrollees and prospective enrollees should contact the provider or health care facility before receiving treatment or services to confirm both the provider's participation in the carrier's network and coverage under the enrollee's specific health benefit plan.

If you are visiting a provider at an office location not shown in this directory or online, verify with the provider that this location is in the plan service area.

If You Are Sick or Injured

Your PCP should be your first point of contact any time you are sick or injured, unless you are in need of emergency medical services. Your PCP keeps your medical records and is best prepared to treat many medical conditions.

For more complete information call the toll-free telephone number listed on your health plan ID card.

To provide patients with timely access to care, some providers in our network may not be accepting new patients. If you have a question about whether a provider is accepting new patients, please contact his or her office directly.

Our Network Meets Credentialing Standards

We check every health care provider — from physicians and therapists to labs and hospitals — before we accept them in our network. We look at providers' training and experience, using standards developed with national accrediting organizations.

Providers Are Screened For:

- Medical licenses
- Training, education and board certification
- Network hospital-admitting privileges
- Medicare and state regulatory agency sanctions
- Professional liability insurance

Hospitals Are Screened For:

- Accreditation
- Medicare certification
- Required state licenses

- Professional liability insurance

Network Adequacy Information for Providers

How we build our medical network

Our medical network consists of a variety of primary care professionals, specialists, hospitals and other facilities across the country. We make outreach to providers, as needed, in order to recruit them to our network. We also accept requests from employers, members, and providers to accommodate needs and preferences. Our providers meet credentialing standards before they are accepted in our network. To help provide members with reasonable access to providers who meet their needs, we look at the number of providers and the types of services offered within a geographic area. Additionally, we conduct an assessment of how well the network meets members' cultural needs and preferences, as well as, any special healthcare needs.

Health Services from Non-Network Providers Paid as Network Benefits

If specific Covered Health Services are not available from a Network provider, you may be eligible for Network Benefits when Covered Health Services are received from non-Network providers. In this situation, your Primary Physician or other Network Physician will notify us and, if we confirm that care is not available from a Network provider, we will work with you and your Primary Physician or other Network Physician to coordinate care through a non-Network provider. If care is authorized from a non-Network provider because it is not available from a Network provider, you will be responsible for paying only the in-Network cost sharing for the service.

Seeking Care Outside the Network

You can also choose a provider outside our network. Out-of-network providers will usually cost more. If you seek care outside the network, you are responsible for any copayments, deductibles, coinsurance and charges for non-covered services, either at the time of the service or when you receive a bill from your provider. You may not receive the lower network rates from providers who have not agreed to participate in the network. You will need to file a claim for non-network care. Your Certificate of Coverage or Summary of Plan Description will show you how to submit a non-network claim. You may be required to notify us for hospital stays and certain out-patient services.

Changing Your Network Provider

You can change your primary care provider and choose a new network provider at any time.

Signs of an Emergency

Symptoms that can signal an emergency can include, but are not limited to:

Chest pain

Shortness of breath

Broken bone

Severe head injury

Fainting/loss of consciousness

Sudden onset of weakness or paralysis

What to do in an Emergency

If emergency care is needed, please seek care at the nearest hospital, regardless of network status.

Call 911 or go to the nearest hospital emergency room.

Notify your provider as soon as possible.

Notify your health plan within 24 hours or as soon as reasonably possible.

What is Urgent Care?

Illness and injuries that are of a less serious nature than an emergency may require urgent care. Urgent Care Centers are usually open evenings, weekends and holidays and are designed to give patients fast, effective service. Urgent Care Centers commonly treat conditions like:

Fever

Minor wounds

Vomiting/diarrhea with dehydration

Severe ear pain

Minor head injury

Broken bones

Sprains

A list of Urgent Care Centers available in your network is printed in the back of this directory in the section entitled Other Health Care Professionals (OHCP).

An Opportunity to Save

Although emergency medical conditions should always be evaluated and treated at a hospital Emergency Room, going to an Urgent Care Center will save you money for non-emergency care. Most plans have a lower copayment when you visit an Urgent Care Center as opposed to a hospital Emergency Room.

Transplant Services

UnitedHealthcare provides access to a transplant benefit program. This gives you access to a network of transplant programs located at medical centers around the country. These centers have shown clinical excellence in the field of transplantation. Access to this network provides individuals with an opportunity for the best transplant outcomes available.

Getting Prompt Answers to Your Questions

As a plan member, you can get fast, secure answers to your questions about the network of providers or your benefit coverage. Just go to **myuhc.com** for information that is specific to your plan or follow the instructions provided by your employer. Or, you can call the toll-free number shown on your health plan ID card. For translations and interpreter services in languages other than English, please call the number on your health plan ID card and request a translator.

Authorization or referral may be required to access some providers

Timely Access to Care

Providers in our network are required to have appointment availability within specified time frames.

Appointment Type	Time Frame
Urgent Care (prior authorization not required by health plan)	48 hours
Urgent Care (prior authorization required by health plan)	96 hours
Non-Urgent Doctor Appointment (primary care provider)	10 business days
Non-Urgent Doctor Appointment (specialist provider)	15 business days
Non-Urgent Mental Health Appointment (non-physician)	10 business days
Non-Urgent Mental Health Appointment (ancillary provider)	15 business days

Interpreter services:

Interpreter services will be coordinated with scheduled appointments for Covered Health Services in a manner that ensures the provision of interpreter services at the time of the appointment.

Family Planning Services:

Some hospitals and other providers do not provide one or more of the following services that may be covered under your policy and that you or your family member might need: family planning;

contraceptive services, including emergency contraception; sterilization, including tubal ligation at the time of labor and delivery; infertility treatments; or abortion. You should obtain more information before you become a policyholder or select a network provider. Call your prospective doctor or clinic, or call the insurer at the number on your ID card to ensure that you can obtain the health care services that you need.

Health Services from Non-Network Providers Paid as Network Benefits:

If specific Covered Health Services are not available from a Network provider, you may be eligible for Network Benefits when Covered Health Services are received from non-Network providers. In this situation, your Primary Provider or other Network Provider will notify us and, if we confirm that care is not available from a Network provider, we will work with you and your Primary Provider or other Network Provider to coordinate care through a non-Network provider. If care is authorized from a non-Network provider because it is not available from a Network provider, you will be responsible for paying only the in-Network cost sharing for the service.

Member Rights and Responsibilities

UnitedHealth Premium® Designation Program

Need help finding a provider that's right for you?

No two providers are alike, and you probably think about many factors when choosing one. We offer tools and information to help you make more confident health care decisions. You can consider his or her Premium designation when making your choice when you're looking for a provider.

The UnitedHealth Premium Designation.

The UnitedHealth Premium designation program identifies network providers in 16 Premium specialties representing 47 credentialed specialties that meet national standardized measures for quality care and local market benchmarks for cost efficiency. You will easily find Premium providers when you log onto **myuhc.com**, select "Find a Doctor" and select the type of provider you are looking for.

The UnitedHealth Premium Program Offers You:

- **Informed Choice** - We've provided you with important information on providers to help you make an informed choice for you and your family.
- **Resources at Your Fingertips** - We make it easy for you to get information, online or over the phone, so you can spend time focusing on making decisions about your care.
- **Easy Access** - These providers participate in the network.

How to Find a UnitedHealth Premium Providers

Simply visit **myuhc.com**, click on ''Find Physician, Laboratory or Facility,'' then select your plan and indicate your zip code. Physicians eligible for the Premium program will have one of the following designations:

Premium Designation	Description
Premium Care Physician	The physician meets the criteria for providing quality and cost-efficient care.
Quality Care Physician	The physician meets the criteria for providing quality care and does not have enough claims data to be evaluated for cost-efficient care. OR The physician meets the criteria for providing quality care and does not meet the criteria for cost-efficient care.
Quality Not Evaluated	The physician's specialty is not evaluated or the physician's evaluation is in process. OR The physician does not have enough claims data to be evaluated for quality, so the physician is not eligible for the cost-efficient care designation.

The UnitedHealth Premium® designation program is a resource for informational purposes only. Designations are displayed in UnitedHealthcare online physician directories at **myuhc.com**. You should always visit **myuhc.com** for the most current information. Premium designations are a guide to choosing a physician and may be used as one of many factors you consider when choosing a physician. If you already have a physician, you may also wish to confer with him or her for advice on selecting other physicians. Physician evaluations have a risk of error and should not be the sole basis for selecting a physician. Please visit **myuhc.com** for detailed program information and methodologies.

Only individual physicians that meet UnitedHealth Premium measurement criteria, or physicians in specialties who are part of medical groups that meet UnitedHealth Premium criteria for group practices and who have sufficient claims data for analysis, may be designated. All physicians that contract with UnitedHealthcare have met credentialing requirements. Regardless of designation, plan enrollees have access to physicians in the UnitedHealthcare network as described in their benefit plan. Specialties for which there are no quality guidelines currently established in the program are excluded from evaluation and are noted as such.

The designation "Quality Not Evaluated" is given when a physician does not practice in a specialty that is evaluated by the Premium program. It is also given when a physician does not have enough health plan claims data to be evaluated, but it is not an indicator of the total number of patients treated by the physician or the number of procedures performed by the physician. Rather, it reflects the statistical requirements of the Premium program, which includes only health plan claims associated with specific Premium program measures and relevant to the physician's specialty. In some cases, there may not be enough data to complete the analytic

process from a statistical standpoint.

Tier 1 Providers

Tiered Benefit plan designs offer two network benefit levels and optional non-network benefits:

- Tier 1 network providers
  - Members receive the highest level of benefits for using Tier 1 providers.
  - Log in at myuhc.com to see blue Tier 1 dots next to the providers' names.
- Network providers
  - Members receive benefits for using network providers
- Non-network providers (if non-network coverage is included)
- Members receive the lowest level of benefits for using non-network providers

Tier 1 providers may include:

- Premium Care Physicians – in certain markets where the UnitedHealth Premium Designation program is available
- Oncologists
- Lower cost hospitals – in specific geographic markets as defined by the Hospital Tiering benefit - AL, AR, CT, FL, GA, LA, MS, NC, OH, RI, SC and TN
- Spine & Joint Solution (Centers of Excellence) – for large, self-insured National Accounts employers
- Accountable Care Organizations – available only in certain markets

Our Provider Networks

All providers who are part of UnitedHealthcare networks, as well as all hospitals in our network, meet our credentialing requirements. These requirements comply with all National Committee for Quality Assurance credentialing standards.

All of our networks are evaluated regularly against our national availability standards. These standards make sure we have enough providers in the right locations for our members. We also encourage our network hospitals to participate in patient safety initiatives. Our networks include primary care providers and a broad range of specialist providers.

Although our Premium Designation program is not used in determining the composition of the network, members are able to view the Premium Designation doctors within the directory.

To determine which network you are enrolled in, please see your insurance ID card

While participating providers must meet credentialing requirements, and UHC displays UnitedHealthcare Premium

Designation status in our directories, at this time UnitedHealthcare does not limit participation in its Marketplace Silver Plan to UnitedHealthcare Premium Designated providers.

NCQA Physician Recognition Programs

The National Committee for Quality Assurance (NCQA) Physician Recognition Programs help you identify physicians who have met NCQA's quality-based criteria across four important specialty areas of medicine - diabetes care, cardiac care, stroke care and back pain care. NCQA is an independent non-profit organization that has developed these programs in association with the American Diabetes Association, the American Heart Association, the American Stroke Association and physician specialists. For further information on NCQA Physician Recognition Programs please visit ncqa.org.

An Important Note About Our Services

UnitedHealthcare does not provide health services or practice medicine. Rather, UnitedHealthcare arranges for providers to participate in a network. Network providers are independent contractors and are not employees of UnitedHealthcare. UnitedHealthcare makes payment to network providers through various types of contractual arrangements. These contractual arrangements may include financial incentives (e.g., bonuses, capitation) to promote the delivery of health care in a cost efficient and effective manner. Such financial incentives should not impact your access to covered health services. If you have questions about whether there are any financial incentives in your provider's contract with UnitedHealthcare, please feel free to ask your provider. UnitedHealthcare makes decisions about benefit plan coverage. These decisions are administrative decisions and are for payment purposes only. UnitedHealthcare is not liable for any act or omission of a provider.

Our philosophy states that the provider-patient relationship is sacred — all medical decisions rest between you and your provider. It means freedom to choose, along with the responsibility to act.

You are responsible for choosing your own primary care provider.

You must decide if the provider you choose is right for you.

You must decide with your provider what care you should receive.

Your provider is solely responsible for the quality of the care you receive.

A Special Message to Network Providers

This directory contains information regarding network providers, as well as network hospitals. Please note that network primary provider information is sorted alphabetically by last name, according to office location, then provider specialty. Information for each provider includes telephone number(s), address(es), hospital affiliation(s), medical group affiliation(s), provider's gender, board certification(s), language(s) spoken by the provider and clinical staff, and a unique provider identification number. This provider identification number is used, in some instances, for members to make their primary provider selection, when applicable.

In the Specialists and Other Health Care Professionals sections, the provider information is sorted alphabetically by specialty, then location. Telephone number(s) are listed for each provider.

Please refer to your Physician and Health Care Professionals Administrative Guide for specific information regarding Care Coordination policies.

Please contact your local Physician and Health Care Professional Services representative if you have any questions or comments about this directory.

Before visiting one of these health care professionals, check your benefits description or your Certificate of Coverage to make sure the services are part of your employer's plan, and that you meet all of the requirements described in that Certificate. Your plan may not include coverage of these health care professionals at the network level.

Notice: Although health care services may be or have been provided to you at a contracted health care facility, some professional services may be or have been provided at the facility by physicians and other health care professionals who are not contracted with us. You may be responsible for payment of all or part of the fees for those non-contracted professional services.

Your plan may *not* include coverage for Urgent Care Centers at the Network level. Check your benefit description, booklet, or your ID Card to determine if your plan covers these health care professionals. If your ID Card lists "UCC" followed by a dollar amount, your plan covers these health care professionals at the stated copayment. If you are still uncertain if your plan covers Urgent Care Centers, please call the number on your ID Card.
